

Crunch&Sip[®]

Classroom Monthly Tally

Class _____ Month _____

Year _____ Teacher _____

Each day record the number of students and calculate the percentage participating in Crunch&Sip[®].

$$\text{Percentage of students participating} = \frac{\text{Number of students participating}}{\text{Total number of students in the classroom}} \times 100$$

| Crunch&Sip [®] | Monday % | Tuesday % | Wednesday % | Thursday % | Friday % |
|-------------------------|-------------|--------------|----------------|---------------|-------------|
| Week 1 | | | | | |
| Week 2 | | | | | |
| Week 3 | | | | | |
| Week 4 | | | | | |
